The pastry cook with a reputation uses K C Baking Powder because he knows that results are certain; every time everything is as good as his best.

Then, too, with K C Baking Powder he can mix the various as at leaster before the rush of the meal begins and bake as deal so that every order goes to the table fresh and hot, yet the last he bakes are just as good as the first. The reasons behind these reasons is that K C is saily a blend of two baking powders. One commences be two off leavening gas as soon as moistened. The requires both moisture and heat to make it
